

Copy Claim Office Profile

Overview

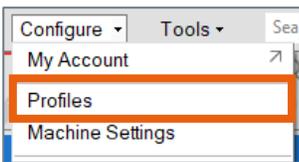

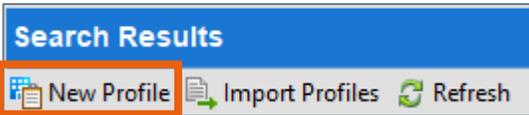

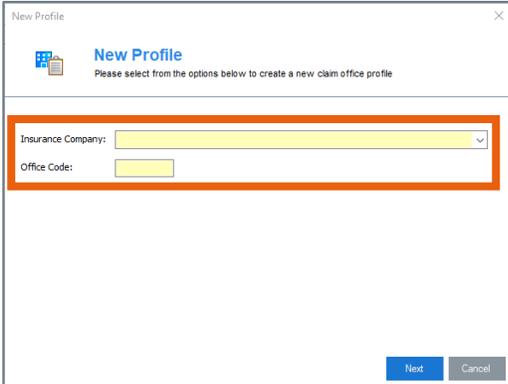

This document explains how to duplicate a Claim Office Profile: Copy and Bulk Copy.

Use the **Copy Claim Office Profile** procedure to copy all rates and settings except for company information from one insurance company to another.

Use the **Bulk Copy** procedure to copy all rates and data including company information to the selected locations.

Copy Claim Office Profile

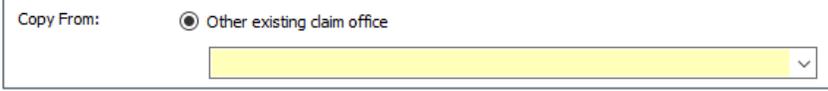

This copies all rates and settings except for company information from one insurance company to another.

| Step | Action |
|------|--|
| 1 | <p>From within CCC ONE select the Configure tab and then click Profiles.</p>  A screenshot of a software menu. The 'Configure' dropdown is open, showing options: 'My Account', 'Profiles', and 'Machine Settings'. The 'Profiles' option is highlighted with an orange rectangular box. |
| 2 | <p>Click New Profile.</p>  A screenshot of a 'Search Results' interface. Below the title bar, there are three buttons: 'New Profile' (with a folder icon), 'Import Profiles' (with a document icon), and 'Refresh' (with a circular arrow icon). The 'New Profile' button is highlighted with an orange rectangular box. |
| 3 | <p>Select the Insurance Company from the drop-down menu and enter the Office Code.</p>  A screenshot of a 'New Profile' dialog box. It contains a title bar, a logo, and the text 'Please select from the options below to create a new claim office profile'. There are two input fields: 'Insurance Company' (a dropdown menu) and 'Office Code' (a text box). Both fields are highlighted with an orange rectangular box. At the bottom right, there are 'Next' and 'Cancel' buttons. |

**Copy Profile
from another
Profile**

There is one other method we should mention. Copying a Claim Office Profile from the profile itself. To do this, highlight the Claim Office Profile you want to copy. Select **Copy Profile**.

Note: Select Copy Data if you only want to copy the data, not the other Profile information.

Use the same process for creating a **New Profile** shown above to create the copy.
