

CCC ONE® - Adding an Estimate Line Adjustment

Overview

The Estimate Line Properties screen provides the ability for you to view part information, apply markup and discount adjustments to the price of the part, and to apply betterment that can be applied to the part and or labor. It also allows you to exclude the part from being discounted if required by an insurance company. This feature is not available for EMS estimates imported into CCC ONE.

How to

To add an estimate line adjustment

Follow these instructions add an estimate line adjustment and or exclude the part from discount.

Step	Action
1	Open the workfile.
2	Select the Estimate tab, and then the Lines tab.
3	Right-click on the estimate line, and then select Line Properties . The Estimate Line Properties sheet opens.
4	Select the Adjustment tab, and then enter the information on the if needed.
5	Select Exclude from part category discount if applicable.
 The screenshot shows the 'Estimate Line Properties' dialog box with the 'Adjustment' tab selected. Under 'Parts Price Adjustment', the 'Exclude from part category discount' radio button is selected and highlighted with an orange arrow. Other options include 'No Adjustment', 'Markup %', and 'Discount %'. The 'Recycled Parts Adjustment' section has a 'Cost Markup %' field set to 0. The 'Betterments Adjustment' section has a 'Betterment %' field and checkboxes for 'Parts', 'Labor', and 'Refinish'. 'OK' and 'Cancel' buttons are at the bottom right.	
6	Click OK , and then select Save or Save and Close .
