A **Microsoft account** is **required** to install and access CCC® Touch. If you already have a Microsoft account, **sign in** and proceed to the next part: **Adding Printers**.

1 Go to account.microsoft.com.

2 Select **Sign In**.

3 Select **Create one**.

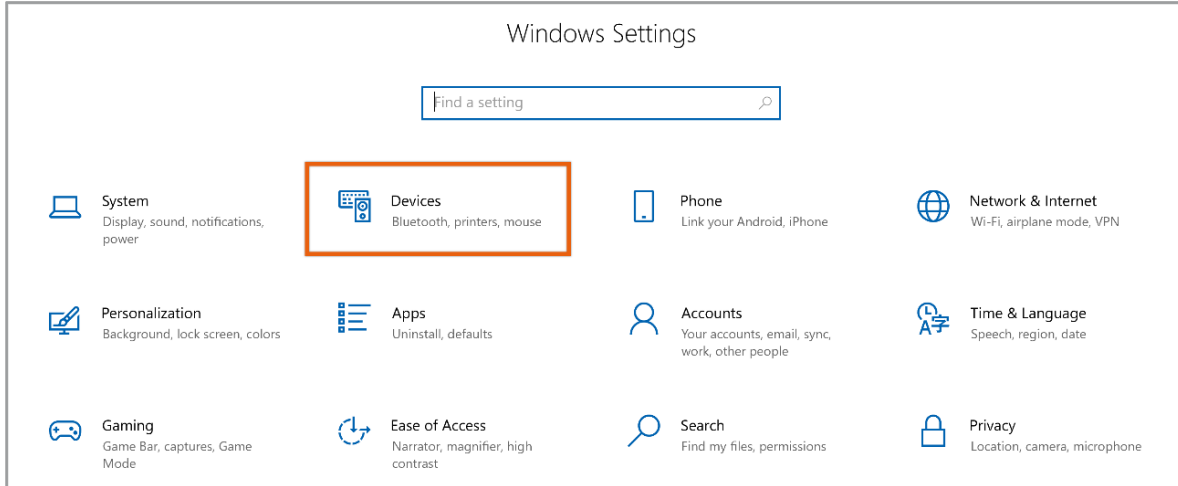

Adding Printers

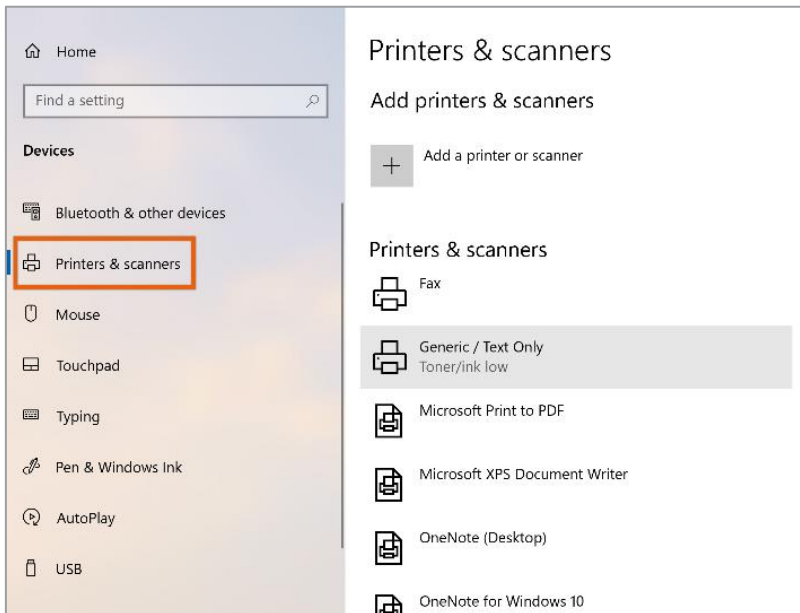

1 To add a printer to your tablet, go to the **Start menu** and select the **Settings** icon.

2 Select **Devices: Bluetooth, printers, mouse** from the **Windows Settings**.

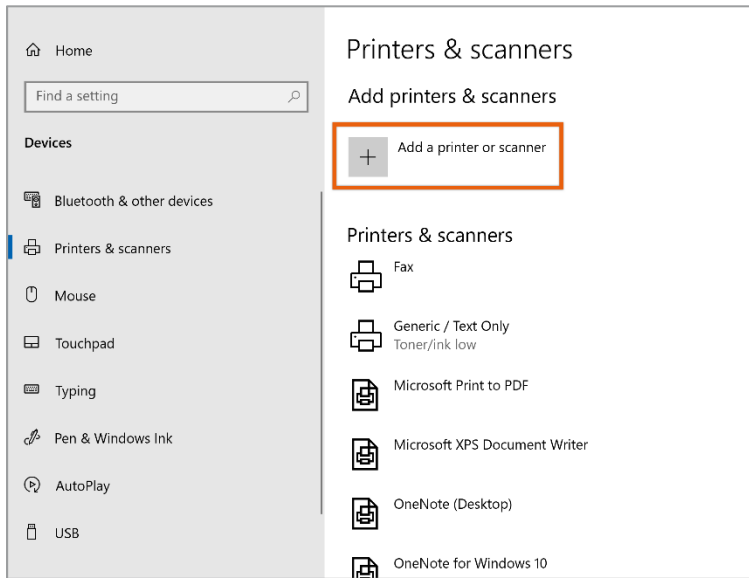

3 Select **Printers & scanners** from the **Devices** list.

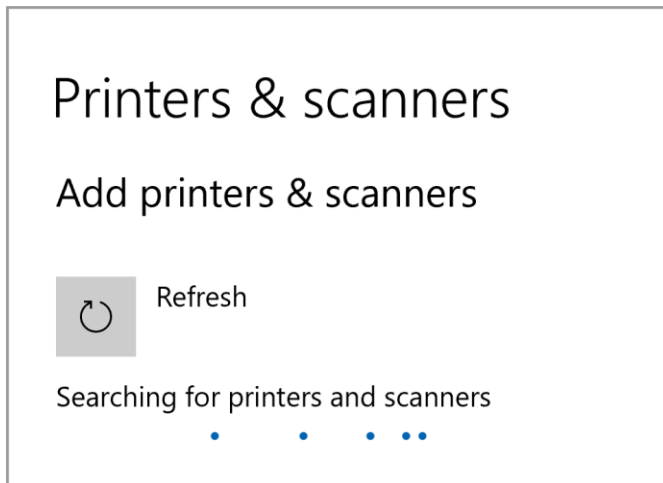

Adding Printers

4 Select **Add a printer or scanner**.

5 When the tablet searches for and displays all the **available** printers, select your printer by **tapping** it.

Installing CCC® Touch from the Windows® Store

- 1 Tap on the **Start menu icon** at the screen's bottom left corner to get back to the Windows Start menu.

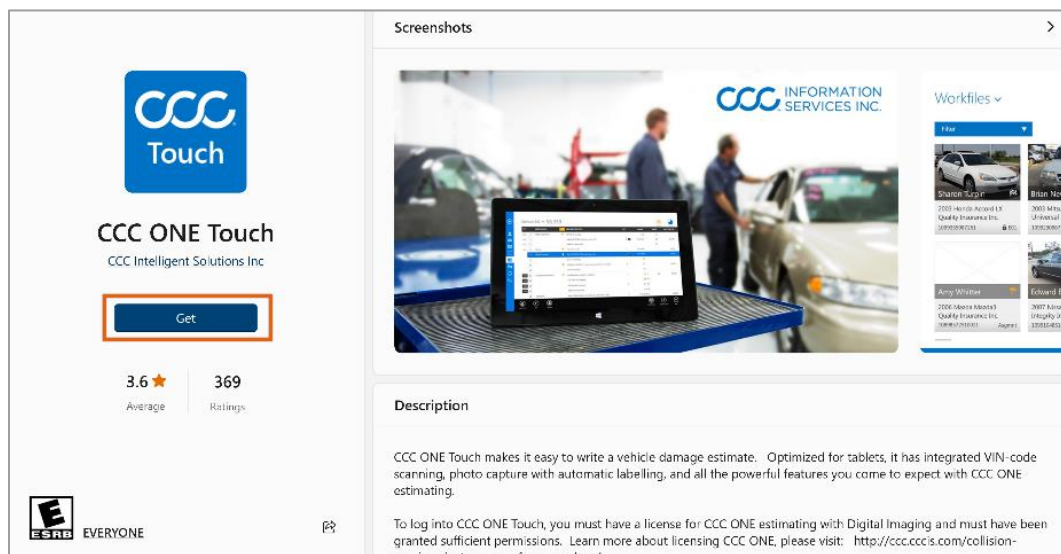

- 2 Tap the shopping bag icon labeled **Microsoft Store**.

- 3 Enter **CCC ONE Touch** in the **search** field at the top right of the screen.

- 4 Select **Get** to install the application.

- 5 After installing the app, locate **CCC® Touch** in the **App Menu** by tapping the down arrow or swiping up from the bottom of the screen. **Touch** and **hold** the CCC® Touch icon and choose **Pin to Start** to add CCC® Touch to your default **Start menu**.

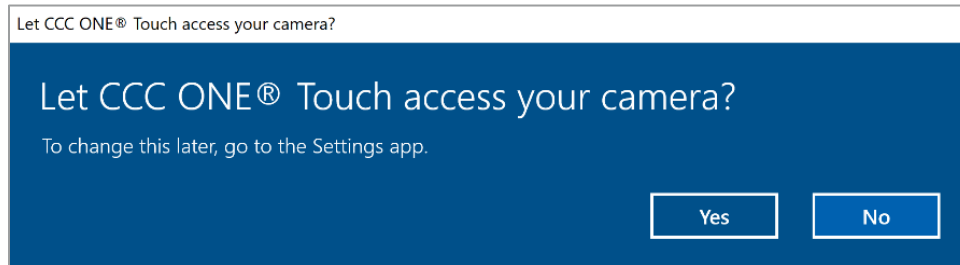

Starting CCC® Touch

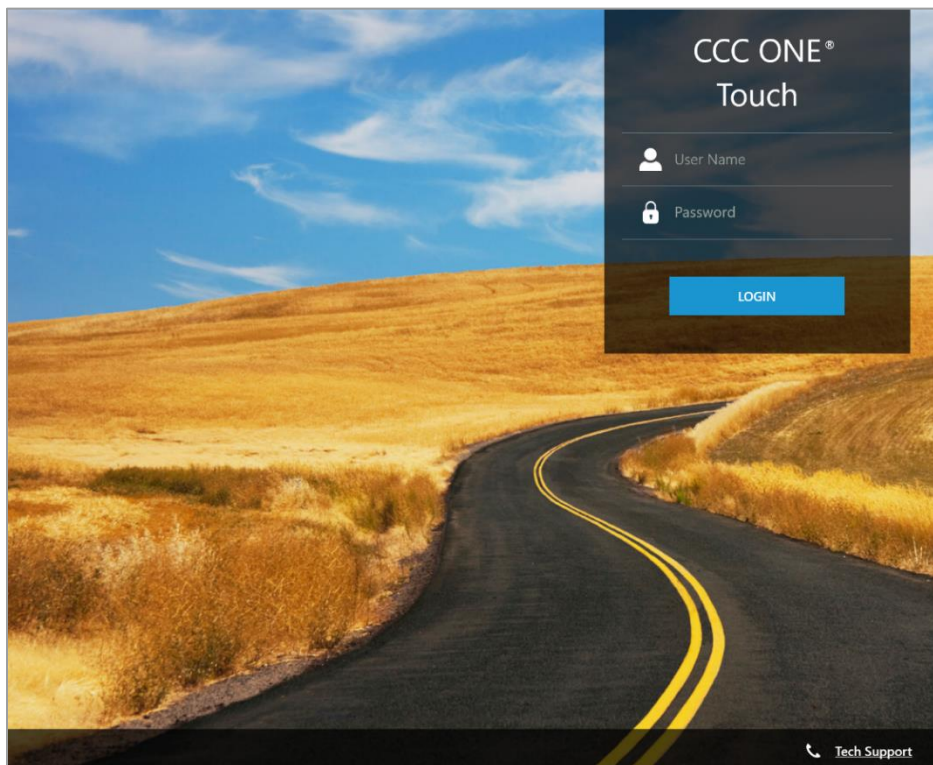

- 1 Tap the **icon** to open CCC® Touch.

- 2 Select **Yes** or **No** to give CCC® Touch **access to your camera**. This can be changed within the **Windows Settings**.

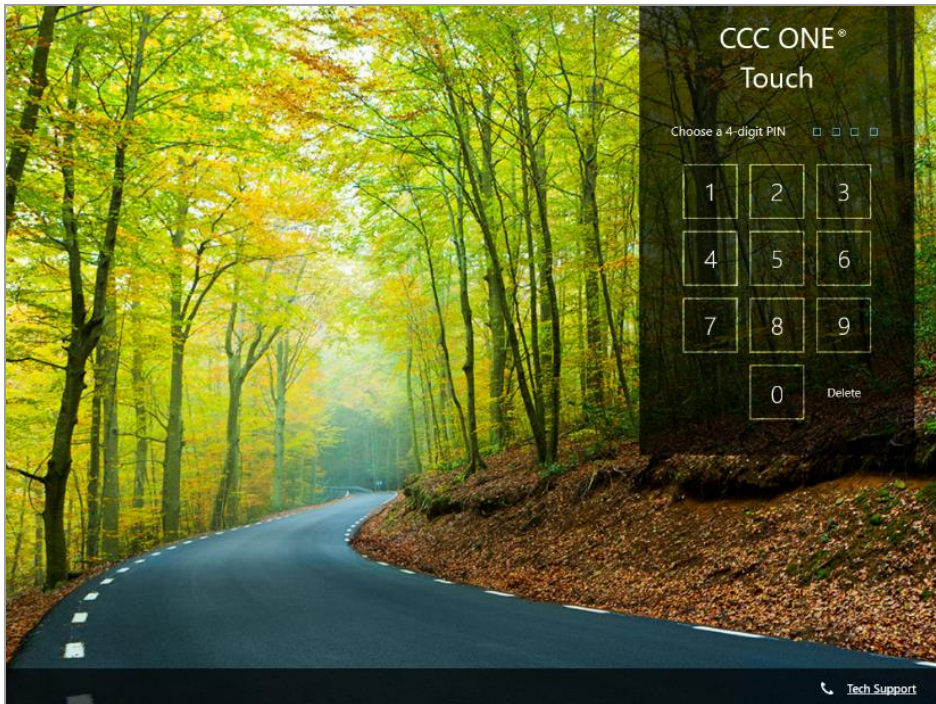

- 3 On the CCC® Touch sign-in screen, enter your CCC® **User Name** and **Password**. Use the same User Name and Password you use on the **desktop** version of CCC ONE®. Select **Login**.
