

# Desktop Shopping Vendor Setup & Usage

---

## Introduction

Desktop Shopping is the ability to order and purchase parts from within CCC® Estimating and CCC® Repair Workflow. Users can set up both manual and electronic vendors, receive live quotes, and, for some vendors, receive promotional codes for specific parts. Users can place those electronic orders while writing the estimate.

**Note:** Feature differences between Estimating and Repair Workflow will be identified where appropriate.

This document includes a series of job aids that provide information on the following:

- Action Center
- Vendor setup for Electronic Parts Ordering
- Live Quotes
- Placing Electronic Orders
- Viewing Parts Ordered Electronically

---

## Contents

You first need to add/activate a vendor. Please refer to the **Action Center Vendor Configuration** job aid to add vendors that are waiting to be set up. You will then be able to set up the vendor (that you have added) for electronic parts ordering.

# Vendor Setup for Electronic Parts Ordering

## Introduction

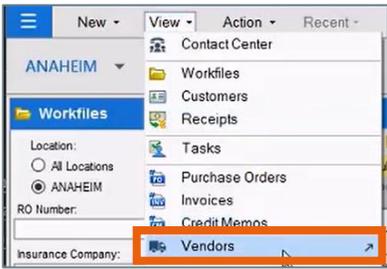

Live parts pricing allows you to get real time quotes for parts and order those parts electronically while writing an estimate in CCC® Estimating or Repair Workflow. First, you must configure your system with preferred vendors to use electronic parts ordering.

## Vendor Configuration

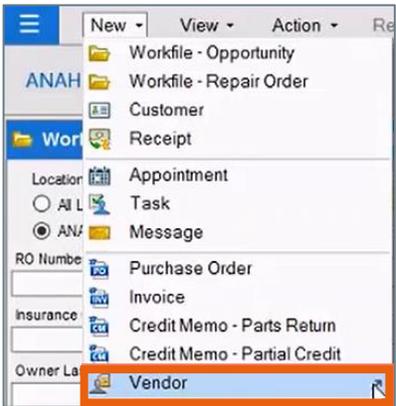

Follow the steps below to configure electronic vendors:

Step	Action
1	Log in with your username and password.
2	Select <b>View &gt; Vendors</b> or select <b>New &gt; Vendor</b> .

**Estimating**

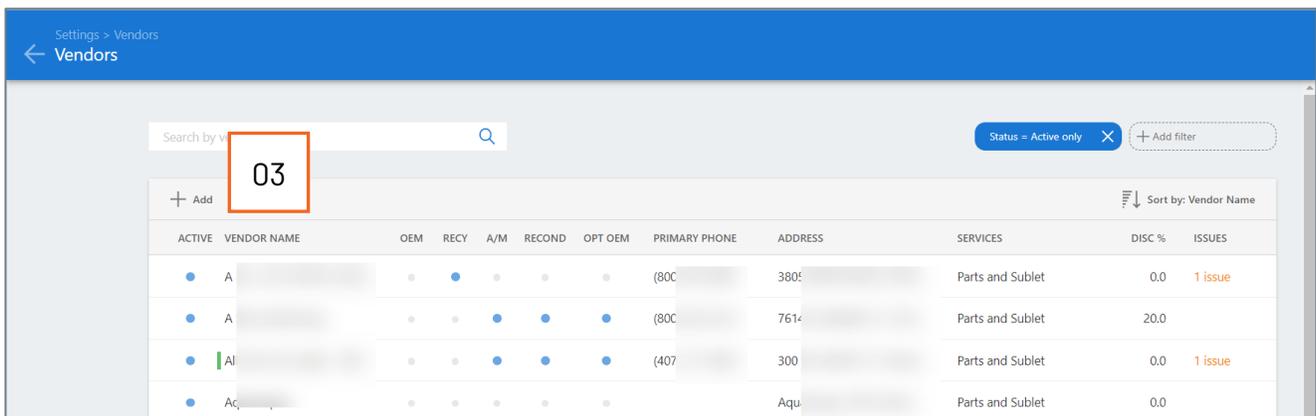

**Repair Workflow**

**Note:** The Arrow next to Vendors/Vendor indicates that the system will navigate to the cccone.com web client when clicked.

**Only Repair Workflow has Preferred Vendors.**

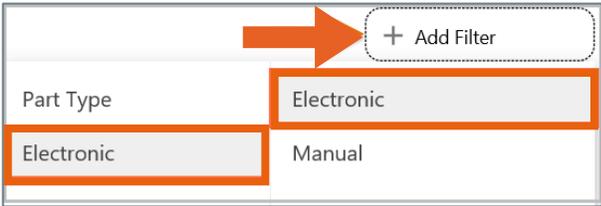

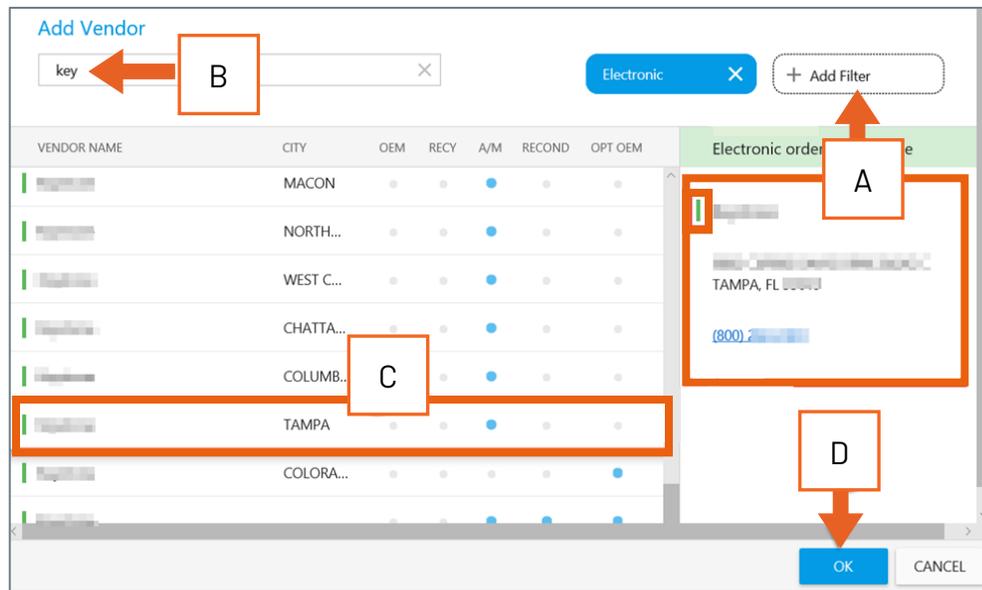

ACTIVE	VENDOR NAME	OEM	RECY	A/M	RECOND	OPT OEM	PRIMARY PHONE	ADDRESS	SERVICES	DISC %	ISSUES
<input checked="" type="checkbox"/>	A		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	(800	3805	Parts and Sublet	0.0	1 issue

# Live Parts Pricing

## Introduction

Once you have vendors set up, you can then view live parts pricing while writing your estimate in CCC® Estimating or CCC® Repair Workflow.

## Getting Live Quotes while Writing the Estimate

You can get live quotes from electronically enabled vendors while writing the estimate as follows:

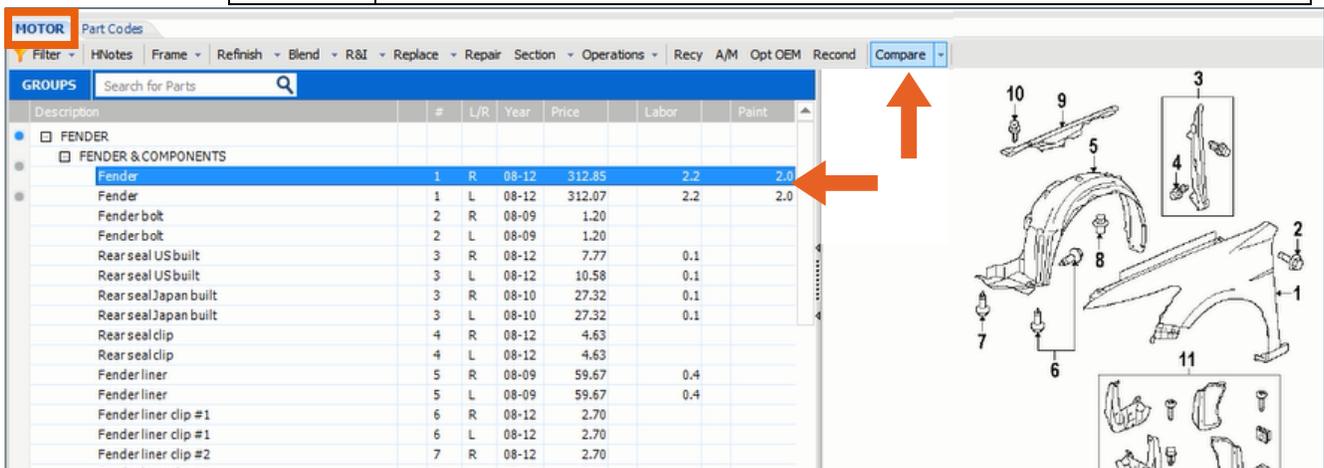

Step	Action
1	Select <b>View &gt; Workfiles</b> .
2	Click the workfile from the list or create a new one:  <b>Note:</b> In Estimating, Workfiles may be converted to Jobs. In Repair Workflow, Workfiles begin as Opportunities, then may be converted to Repair Orders.
3	Go to the <b>Estimate</b> tab. On the <b>MOTOR</b> panel, select the part category you need.

## Getting Live Quotes while Writing the Estimate, continued

All parts that are selected display on the Estimate Lines tab.

The **Checkout** icon also displays the number indicating the number of electronic parts you selected. Static parts do not display in the Checkout cart.

**Note:** Static parts that are added to the estimate need to be ordered manually.

Each time a catalog OEM part is added to the estimate or any quoted part (OEM, ARO, Recy, the number in the checkout cart increases.

The screenshot shows a software interface with a 'Checkout' button highlighted in an orange box. The button features a shopping cart icon with a red '6' in the top right corner. Below the button is a 'no photo' link. The main area of the interface is a table titled 'Estimate' with a total of '\$1,482.08 over threshold' and a 'Preliminary Estimate' dropdown. The table has columns for 'Lines', 'Other Charges', 'Totals', 'Description', 'Qty', 'Price', 'Ext. Price', 'Labor', and 'Paint'. The table contains 16 rows of data, including items like 'Bumper cover w/o fog lamps', 'RT Headlamp assy', and 'LT Fender'.

# Place Electronic Orders

## Introduction

Once you have identified the parts and the vendors that you want to purchase, you can then place the order electronically if you selected electronic vendors. This job aid describes how to place your order.

## Placing Electronic Orders

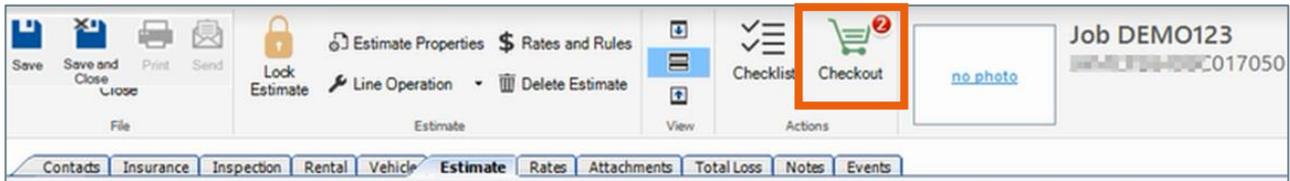

Use the following steps to place an electronic purchase order for the selected parts.

Step	Action
1	If you are using Repair Workflow, you must convert from Opportunity to Repair Order to be able to checkout. Otherwise, go to Step 2.
2	Once you have selected all of your parts, click the <b>Checkout</b> icon.  <b>Note:</b> If you have added OEM catalog parts to the estimate and you have OEM electronic vendors configured for this vehicle make, then the checkout process will attempt to get live quotes for all of the OEM catalog parts.
3	Once a quote response is received for the OEM catalog parts, the <b>Checkout</b> form displays all quoted parts on the estimate.  <ol style="list-style-type: none"> <li>Select parts that you wish to order electronically by clicking the boxes. If the selected part is no longer available, the inventory will grey out - you may need to select another vendor on the PO.</li> <li>Click <b>Order</b>.</li> </ol> <b>Note:</b> If you have selected a catalog part and received live quotes in the <b>Checkout</b> page, you must select the vendor to buy from. This page displays only electronic parts. Static parts will not display.   <p>The screenshot shows a 'Checkout' window with a total of \$2,553.51. A list of parts is displayed with checkboxes in the first column. An orange box highlights these checkboxes, and an orange arrow points to the 'Order' button at the bottom right of the list.</p>

Continued on next page

**Placing Electronic Orders,**  
continued

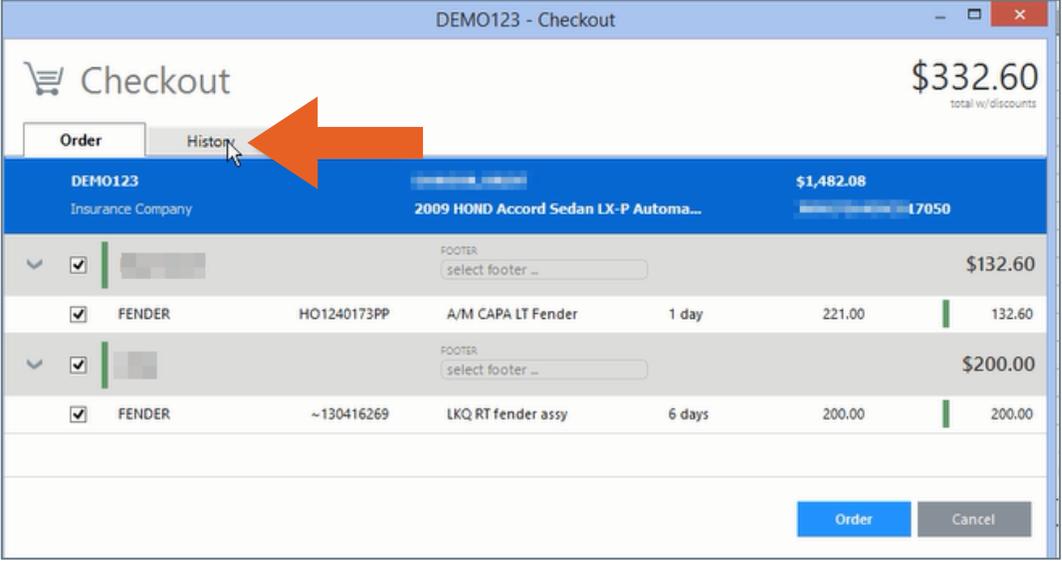

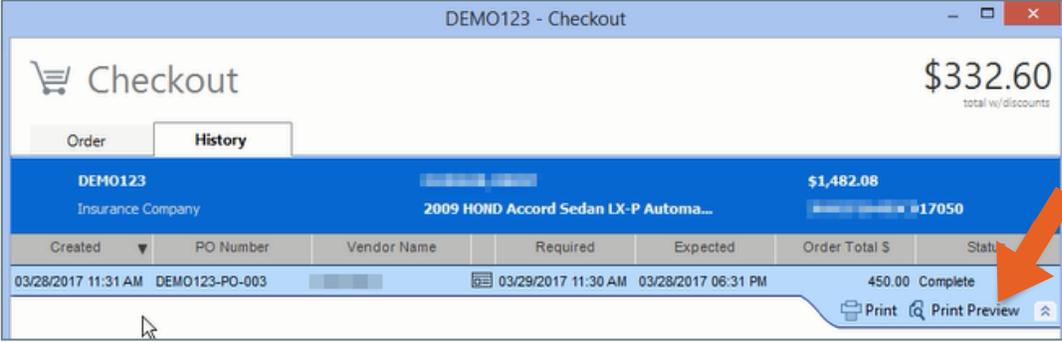

**Note:** Clicking the Order button sends an order to the specified electronic vendor. The Checkout icon on the workfile is updated to reflect the number of parts remaining to order. This will also reflect parts that are not selected or ordered.

# Viewing Parts Ordered Electronically

## Viewing Parts that were Ordered Electronically

You can view parts that you have ordered electronically anytime on the Parts tab or from the Checkout screen as follows:

Step	Action																					
1	Select the <b>Checkout</b> action on the workfile. The Checkout form displays.																					
2	Click the <b>History</b> tab.																					
 <p>The screenshot shows the 'Checkout' window for 'DEMO123'. The total amount is \$332.60. The 'History' tab is selected, and an orange arrow points to it. Below the tabs, there is a table of items:</p> <table border="1"> <thead> <tr> <th>Item</th> <th>Part Number</th> <th>Description</th> <th>Lead Time</th> <th>Price</th> <th>Footer</th> <th>Total</th> </tr> </thead> <tbody> <tr> <td>FENDER</td> <td>HO1240173PP</td> <td>A/M CAPA LT Fender</td> <td>1 day</td> <td>221.00</td> <td>132.60</td> <td>132.60</td> </tr> <tr> <td>FENDER</td> <td>~130416269</td> <td>LKQ RT fender assy</td> <td>6 days</td> <td>200.00</td> <td>200.00</td> <td>200.00</td> </tr> </tbody> </table>		Item	Part Number	Description	Lead Time	Price	Footer	Total	FENDER	HO1240173PP	A/M CAPA LT Fender	1 day	221.00	132.60	132.60	FENDER	~130416269	LKQ RT fender assy	6 days	200.00	200.00	200.00
