CCC® Estimate Review Reinspection Guidance Report

Overview The Estimate Review Reinspection Guidance Report enables insurance carriers to merge file review data, reinspection data, and Estimate Review Reinspection images into one all-inclusive report that can be used for training purposes.

Note: The user must have the appropriate permissions to use the Guidance Report functionality. The upload image functionality is only available for reviews completed in the CCC® Portal.

Estimate	Step	Action				
Review –	1	Open the claim folder in the CCC [®] Portal and select				
Upload Images		Estimate Review Reinspection from the left panel.				
	2	Select the lines to review and the desired review action.				
	Optional: In the Reinspection Details screen, click Upload Images to					
	select and add images to the Estimate Lines.					
		The selected images will

	Photo	Thumbnail Taken By	Delete them from this			
			screen using the trash can			
			icon as needed. Photos			
	cannot be deleted once submitted.					
	Click Submit to upload the photos.					
	Note: 4 images may be added per line, and 20 images may be					
	added in total for the Estimate Review Reinspection. These images					
	will be stored in the claim folder and included in the Guidance					
	Report. The images will NOT be included in the standard Estimate					
	Review Reinspection Report.					
	3	Follow your process to complete the Estimate Review				
		Reinspection.
